EDUCATION

Master’s Degree in Computer Science
CESI Engineering School,
Aix-en-Provence (France)
2022-2025

High School Diploma specializing in computer science - Grade B
Lycée Saint Louis,
Gignac (France)
2016-2020

Intensive two-year study course preparing for the competitive entrance examinations to the French ‘Grandes Ecoles’
Lycée Antonin Artaud,
Marseille (France)
2020-2022

WORK EXPERIENCE

Software engineer in cooperative training course
TEA MARSEILLE, October 2022 - Present

- Development and implementation of VBA tools to automate daily tasks, resulting in a commendable reduction of at least 20% in manual workload of team members
- Created Python scripts for data extraction, significantly improving overall efficiency in information retrieval
- Spearheaded the design and development of an Android application for vehicle fleet mangement, providing real-time tracking and optimizing entry and exit processes
- Conducted training sessions for team members on the usage of automated tools, enhancing overall team productivity
- Implemented code reviews and quality assurance processes, leading to a 15% improvement in code reliability

RELEVANT PROJECTS

EasySave

- Development of a C# application for backing up folders and files (full or incremental) while keeping track of the saved workspace for future use

Package delivery algorithm (ACO)

- Python algorithm determining the best route for the driver between the warehouse and delivery points, with various adjustable parameters

SKILLS

- Soft Skills**
- Teamwork
 - Problem-solving
 - Attention to detail
 - Communication
 - Multitasking
- Technical Skills**
- Python - Advanced
 - Dart - Advanced
 - C# - Advanced

LANGUAGES

French - Native

English - Intermediate B1

Spanish - Novice A1

INTERESTS

Going to the Gym

Committed to a consistent fitness routine, with one and a half years of dedicated training five days a week.

Tennis

Accumulated five years of experience in tennis
